Description	Im Seminar lesen wir Jason Stanleys 2018 erschienene Monographie „How Fascism Works". Stanley setzt sich in seinem Buch mit kontemporären sowie ideengeschichtlichen Aspekten des Faschismus auseinander und bezieht sich dabei auf philosophische, sozialpsychologische und linguistische Forschungen zu diesem Thema. Stanley legt hierbei den speziellen Fokus auf faschistische Machtpolitiken und zeigt, wie der Faschismus verschiedene Strategien (bspw. Propaganda, Verschwörungstheorien, Rechtsstaatlichkeits-Konzepte) benutzt um die angebliche Ungleichwertigkeit von Menschen und eine darauf aufbauende, vermeintlich natürliche Ordnung der Gesellschaft zu legitimieren. Stanleys Buch wird darüber hinaus mit einleitenden und weiterführenden Texten zum Thema Faschismus ergänzt werden. In the seminar, we will read Jason Stanley's 2018 monograph, How Fascism Works. In his book, Stanley engages with contemporaneous as well as historical aspects of fascism, drawing on philosophical, social psychological, and linguistic research on the topic. Stanley focuses on fascist power politics and shows how fascism uses different strategies (e.g. propaganda, sexual and gender politics, rule of law) to legitimize the alleged inequality of people and a supposedly natural order of society based on it.

Once you click on the course you can receive more detailed information,
1. The application period,
2. Time and place of the course,
