Moodle is the platform you will likely use most often during the semester. Here you find your **digital classrooms**. You can use Moodle to access **material** that your lecturer has uploaded throughout the semester, to submit homework, or **communicate** with your classmates and lecturer.

If your have registered for a class through LSF you will either be added to a course room **automatically,** or, in some cases receive an **enrolment key** from your lecturer during in your first session.
Please note that enrolment in a course through Moodle only the grants you access to the online classroom. It DOES NOT guarantee participation in the course. Course registration is done through LSF.

Moodle der TU Dortmund

Herzlich willkommen im neuen Moodle Version 4

Am 20. Februar 2023 fand das Update von Moodle auf die Version 4 statt. Gewinnen Sie einen ersten Einblick ins neue Moodle. Eine Zusammenfassung der wichtigsten Änderungen finden Sie auch im Dokument "Was ist neu in Moodle 4 (PDF)". Hilfe und Unterstützung erhalten Sie wie gewohnt über den Service Desk des ITMC oder die Offene Sprechstunde für digitale Lehre.

Enrolment is disabled or inactive

Some courses import participants from LSF. Self-enrolment is not activated.

Fundamentals of Judaism

Enrolment options

Fundamentals of Judaism 🔍

Students will acquire paradigmatic knowledge of the written sources of Judaism. They will be able to explain the hermeneutics and methods of Jewish texts and sources from antiquity to the present day and understand Judaism as scriptural religions based on revelation and interpretation. In addition, they will acquire paradigmatic knowledge of the religious doctrine and practice of various contemporary currents in Judaism. This course will be taught in English.

Enrol me

Other course rooms use an enrolment key. You will usually receive the enrolment key from your lecturers during your first session.

Course rooms can have different layouts. Often times the room will provide (1) general course information, and (2) an overview of the different sessions that will be filled with course material throughout of the semester. You can also view the other participants of the course (3).
